CONSULTING/ RETAINERSHIPS:

- Currently and previously, since 1991, on retainer with various dental corporations for the express purpose of devising and implementing education based marketing strategies, continuing education seminar curricula development/facilitation, research poster production, app and digital content development, research manuscript development and sales force training.

MEETING PLANNING:

- Currently and previously, since 1991, Educational Designs has been providing meeting planning services to dental and dental hygiene organizations and academic institutions. Services include complete event planning and management, to securing corporate sponsorship. In addition, Educational Designs has been a resource for speaker placement and referral. To date, hundreds of thousands of dollars have been raised for these groups.

RETREATS/WORKSHOPS:**CareerFlow:**

- Co-founder of CareerFlow in 2006, a division of Education Designs, designed to meet the needs of dental hygienists transitioning into speaking, writing, sales and corporate consulting. CareerFlow includes retreats that focus on skill building as well as placement services for dental hygienists seeking corporate opportunities. In addition, CareerFlow represents the premier entity in dental hygiene talent and speaker referral services.

It's Academic...Let's Present It!:

- Founder and Director of this annual workshop designed for educators and speakers in dentistry which focuses on experiential learning for application-based outcomes.

Topics include:

- Andragogy Principles: Theory to Application
- Collaboration Principles: Innovative Curricular Approaches
- Multi-Media Principles: Facilitating Beyond the Screen
- Technology Principles: Maximizing Educational Methodology
- Research Principles: Applied Evidence-Based Decision Making
- Presentation Principles: Strategies for Didactic & Clinical Success
